

STUDENT LIABILITY INSURANCE

Every year a current copy must be in your student file if you are taking practicum, externship, supervision or internship. The documentation must show the name of the person insured as well as the policy period effective dates. You may send an electronic copy of your policy to the academic secretary, or you can provide a copy of the page that contains the necessary information.

Most students obtain Student Liability Insurance through APA Insurance Trust or ACE American Insurance Company. Both companies offer the student policy for \$35.00 annually.
